Dear Parent/Carer

26th May 2026

### **Year 11: Dinner Money Account**

Your child will be looking forward to a long summer after their exams.

From Monday, 1st June 2026, your child will be coming into school for their exams only. We are checking their catering accounts and ask if you have an outstanding balance to please pay this by Tuesday, 2<sup>nd</sup> June 2026.

Your child may use the canteen when they are in school for their exams, if they do, please keep their catering account topped up to ensure they have enough funds to purchase from the canteen.

If your child has a credit balance on their catering account once they complete their exams, please let us know what you would like us to do with this balance as per the options below. You can email [finance@kingsschoolhove.org.uk](mailto:finance@kingsschoolhove.org.uk), or call 01273 840004 (option 2) with your preference:

- \* **I would like my credit balance transferred back to my own ParentPay account to be withdrawn**
- \* **I would like my credit balance transferred to a sibling currently at King's School**
- \* **I would like my credit balance to be contributed to King's School donation fund to be used for materials in the classroom**

Please provide your preference by Wednesday, 17th June 2026.

If you have an automatic top-up on your catering account, please ensure that you remove this when your child's exams finish.

Wishing your child the very best for their future.

Kind regards

Finance Department  
King's School
